"SAVE-THE-HORSE" SPAVIN CURE

W. A. REDMOND, ATTORNEY IN PATENT CASES, MOBILE BUILDING.

Washington, D. C., December 27, 1904.

I first tried the remedy on a thoroughbred, which had bowed both tendons and which had been fired once and blistered a number of times, but every time he was trained one or the other of the legs would fail. This happened three years in succession. Last spring I bought a bottle of "Save-the-Horse," and used it according to directions with the result that he started 7 times, at all distances, in July last, and won 3 times, second 3 times and third once—an excellent record—and he appears to be perfectly sound today, and will be raced next month. I am firmly convinced without your remedy he would not have been worth a dollar as a race horse.

I have a roadster which stepped in a hole at pasture and wrenched a hind ankle—so badly that he could not put his foot on the ground. I was advised to shoot him, as it was claimed that he had injured his hip. Instead, I blistered him, and he became serviceably sound, but jumped at every step. Upon close examination, I found a growth between the coronary band and the ankle which developed into ringbone. I used one bottle of "Save-the-Horse" and the growth and it entirely disappeared. He has not taken a lame step since.

Knowing the value of the remedy, I do not hesitate to recommend it to all horse owners of my acquaintance. Very truly,

W. A. REDMOND.

GAUGE ITS POWER AND POSSIBILITIES BY WHAT IT HAS ACCOMPLISHED.

Do not fire or blister your horse. Write and describe your case. Send for copy of Guarantee, booklet and the scores of letters on every kind of case and you will then know why our guarantee is a legal contract to protect you. \$5.00 PER BOTTLE. Written guarantee and permanent cure. BONE AND BOG SPAVIN, THOROUGHLY CURED. RINGBONE (except low ringbone), CURB, SPLINT, CAPPED HOCK, WIND PUFF, SHOE BOIL and all LAMENESS.

BEWARE OF SUBSTITUTES.

Insist on having "Save-the-Horse" made only by Troy Chemical Co., Binghamton (formerly Troy), N. Y. Since this remedy was perfected by us some five years ago, after years of research and experimenting, its great success has invited the usual number of substitutes prepared for and expected to be worked off on the innocent by unscrupulous dealers. RUSSIA MUST CONCEDE

CONSUL BAKER TALKS ON PEACE

THE DEFEATED POWER WILL HAVE TO BE READY TO MAKE TERMS WITH THE JAPANESE.

Hon. Orlando H. Baker, United States Consul to Sydney, N. S. W., thinks that the approaching peace conference between Japan and Russia will fail unless Russia is really anxious enough for peace to make some concessions to her conquerors. If Russia, through De Witte, does not show herself in earnest at once, the conference will be without result, says Consul Baker.

Mr. Baker is passing through Honolulu today as a passenger on the Sierra en route to the Colonies. He has been on an unofficial trip to the United States for several weeks.

"My visit to the States was purely unofficial," said Consul Baker today. "In fact, I did not even visit Washington. I have been visiting friends and relatives in Iowa."

"Regarding the present situation in the East, it is plainly that of waiting for the outcome of the peace conference. In the United States the people generally want to see peace declared. They have not a great deal of faith that it will be declared, however, feeling that Russia may not meet Japan's proposed terms. So De Witte has intimated that he did not expect the conference to result in peace being declared? Well, unless Russia is in earnest sending De Witte to meet Komura, nothing will come of the conference. Russia must show that she means business in peace propositions. She must be ready to concede."

MYSTIC SHRINERS.

(Continued from Page 1.)

and the plan will go through with all kinds of success if the people at this end are willing to do their share. It is not doubted for a moment but that the Honolulu merchants and others will be ready to do the handsome propositions, but the matter has to and will be brought to their attention in due time and form.

The Shriners of Honolulu will get up a grand welcome and a stay of several days in these islands will load each Mystic with pleasure and delight, sufficient to last him, in pleasant memories, the rest of his days.

A trip to the Volcano will be in order and the spectacular features of the pilgrimage will not be the least interesting part of the visit.

Such a visit means a whole lot to the city of Honolulu and to the Territory at large, and the Shriners will, every man, prove individual Hawaii Promotion Committees among their friends back in the parts they hail from.

Some time next month the local Shriners, Aloha Temple, will hold a grand ceremonial session.
